Dear Lew + Mike,

Hi! Please forgive both the postcard + the lateness, but I'm both poor + busy...

How are you? How was your trip? And what else have you done with yourself?

I'm fine, though tired + busy. I'm working with a new counselor + though it's been quite a valuable education, there are still many problems + conflicts. But it's really good, because I really love the kids. My best bunch so far, + though lethargic.

I'll be home on the 17th but don't worry, I have everything planned + O.C. I'll try to ring you - but don't be a Forsyth if I don't. Until then - have fun Take care of yourselves + remember

your little sis,
Louise
